Work Experience

Field Service Technician

Filter Services INC-Des Plaines, IL

January 2024 to Present

As a Field Service Technician at Filter Services, my duties included driving out to clients locations on a daily basis and informing the client on the services that will be done to their HVAC systems. A service call consisted of General Maintenance check ups on the HVAC systems, Coil Cleaning of the HVAC system, Filter replacement and install, Motor replacement and install, Motor Belt replacement and install, Air Fan replacement and install., and Sheet Metal repair/replacement with limited troubleshooting of electrical and mechanical components. Another duty was being an Account Manager and Supervisor for one of their biggest accounts at, BP Oil Refinery.

Field Service Technician

Tri-Techcnc-Schaumburg, IL

November 2020 to December 2023

As a Field Service Technician my primary duties were to drive out to different customers on a daily basis and Troubleshoot their CNC machines, Install CNC machines, and Preventative maintenance on CNC machines. Had to work with Electrical systems, Pneumatic systems, Hydraulic systems, and Mechanical systems, use of hand tools and power tools were a must. Daily interactions with customers and billing at the end of service calls. Had to attend school for electrical, pneumatic,hydraulic, and mechanical courses.

Industrial Maintenance

Hi-Grade LLC-Schaumburg, IL

January 2019 to November 2020

My primary duties as a maintenance technician at Hi-Grade were to maintain workplace efficiency by helping Senior maintenance technician and fixing any general problem that will arise at the workplace. General knowledge of hand tools and mechanical systems were taught and had to be mechanically inclined, everyday was a different day.
